RE: **REQUEST FOR CONFIDENTIAL TREATMENT**
WC Docket No. 14-58 - ETC Annual Reports and Certifications

Request that Information Submitted to the Commission be Withheld from Public Inspection Pursuant to 47 C.F.R. §0.459 and 5 U.S.C. §552(b)(4): Five-Year Service Quality Improvement Plan Progress Report and Service Outage Reporting included in FCC Form 481

Confidential Information – Subject to Protective Order Before the Federal Communications Commission

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, Logan County Telephone Cooperative, Inc. (the Cooperative), Study Area Code 260413 is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket No. 14-58. *The version of the Cooperative's FCC Form 481 submitted via ECFS is a redacted version of the filing that contains no confidential information.*

MOSS ADAMS LLP

Ms. Marlene Dortch

Page 2

The Cooperative, by its authorized representative, hereby requests confidential treatment of three attachments to its FCC Form 481: (1) the five-year service quality improvement plan progress report, (2) the financial annual report, and (3) service outage reporting, all of which were redacted in the ECFS submission. The request for confidential treatment of the five-year plan progress report and the service outage reporting is being made pursuant to Section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). The request for confidential treatment of the financial annual report is being made pursuant to the FCC's March 22, 2016 *Protective Order* in WC Docket Nos. 10-90 and 14-58. These attachments contain competitively sensitive data that Logan County Telephone Cooperative, Inc. maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Cooperative.

Five-Year Service Quality Improvement Plan Progress Report and Service Outage Reporting

Pursuant to Section 0.459 of the Commission's rules and Exemption 4 of FOIA, Logan County Telephone Cooperative, Inc. requests that the text and data extracted from its five-year service quality improvement plan progress report and the service outage reporting be withheld from public inspection because it contains competitively sensitive commercial and financial information that the Cooperative maintains as confidential. Public availability of this information would have a substantial negative impact on the Cooperative.

In accordance with Section 0.459 of the Commission's rules, the following information is provided in support of this request:

(1) Identification of the specific information for which confidential treatment is sought:

Attachment to Line 112 of FCC Form 481 – Five-Year Service Quality Improvement Plan Progress Report. Specifically, confidential treatment is sought for all information in the five-year plan progress report related to the Cooperative's access line counts, existing broadband capabilities, and current and planned financial investments in its network that will improve service quality, service coverage, and/or service capacity for its customers.

Attachment to Line 200 of FCC Form 481 – Service Outage Reporting. Confidential treatment is sought for all information in the service outage report specifically related to the Cooperative's access line counts.

MOSS ADAMS LLP

Ms. Marlene Dortch

Page 3

- (2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket No. 14-58 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high cost support to attach a progress report on its five-year service quality improvement plan, pursuant to 47 C.F.R. §54.313(a)(1). Section 200 requires eligible telecommunications carriers to report outage information of at least 30 minutes in duration and impacts at least ten percent of the end users served in the service area or 911 special facility pursuant to 47 C.F.R. §54.313(a)(2).

- (3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

The five-year service quality improvement plan progress report contains granular information on the Cooperative's access line counts and/or existing broadband capabilities as well as recent and planned capital investments in its network to improve service quality, service coverage, and/or service capacity. It also contains a map of the Cooperative's service area detailing progress toward meeting broadband deployment targets at the wire center level. The service outage information contains access line information which could cause harm to the competitive position of the Cooperative. The required information in both instances contains closely guarded, privileged information that the Cooperative does not make publicly available.

- (4) Explanation of the degree to which the information concerns a service that is subject to competition:

Broadband service and voice service are both subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more wireless providers that have voice and data plans. Most RLECs also face competition from at least one other wireline voice and broadband provider such as a larger cable company, who will typically seek to "cherry pick" the lower cost portions of the study area. In addition, all RLECs face competition throughout their territories from satellite providers.

- (5) Explanation of how disclosure of the information could result in substantial competitive harm:

Disclosure of the information contained in the five-year plan progress report and the outage reporting would provide competitors with detailed, granular information

MOSS ADAMS LLP

Ms. Marlene Dortch

Page 4

regarding the Cooperative's access line count, its existing broadband capabilities, and its recent and planned network investments that improve service quality, coverage, and/or capacity for subscribers. This would give competitors invaluable confidential information with which to develop their own strategies for investing in the service area, thereby bringing substantial competitive harm to the Cooperative.

- (6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:

The Cooperative has continually treated the extracted information in its five-year plan progress report and the access line counts provided in the service outage reporting as confidential and carefully controls the information to protect it from competitors. Access to the information is limited to employees that require it and to non-employees with confidentiality obligations such as lenders, consultants, auditors, and attorneys. In addition, when such information is required to be submitted to a state regulatory authority it has been filed as confidential information, not available to the public.

- (7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:

The redacted information in the five-year plan progress report and service outage reporting is not available to the public, and third party access is limited as described in (6) above.

- (8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:

The Cooperative requests that the extracted information be withheld from public inspection indefinitely. The information in the five-year plan progress report details the Cooperative's most recent network upgrades in relation to its previously submitted service quality improvement plan. It may also contain upcoming planned network improvements during the period ending 2019. This information would provide a very useful baseline for competitors for several years beyond that period. The Cooperative also requests that the service outage information be withheld from public inspection indefinitely because of the ongoing competitive harm it may cause.

MOSS ADAMS LLP

Ms. Marlene Dortch

Page 5

(9) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

Financial Annual Report

Section 3005 of FCC Form 481 requires a privately-held rate-of-return carrier receiving high cost support to attach a full and complete annual report of the company's financial condition and operations pursuant to 47 C.F.R. §54.313(f)(2). Logan County Telephone Cooperative, Inc. seeks confidential treatment of its financial annual report pursuant to the March 22, 2016 *Protective Order* in WC Docket Nos. 10-90 and 14-58.¹ The *Protective Order* specifically covers information filed pursuant to 47 C.F.R. §54.313(f)(2).

Logan County Telephone Cooperative, Inc. is providing to the Office of the Secretary, under seal, this cover letter and the Form 481 filing which includes the confidential information that is being requested to be withheld from public inspection.

Each page of the five-year service quality improvement plan progress report confidential submission bears the legend, "CONFIDENTIAL – NOT FOR PUBLIC DISCLOSURE."

Each page of the Service Outage Reporting (Voice) confidential submission bears the legend, "CONFIDENTIAL – NOT FOR PUBLIC DISCLOSURE."

Each page of the financial annual report confidential submission bears the legend, "CONFIDENTIAL INFORMATION – SUBJECT TO PROTECTIVE ORDER BEFORE THE FEDERAL COMMUNICATIONS COMMISSION."

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as attachments to the FCC Form 481.

In the filing submitted via ECFS, all pages containing confidential information bear the legend "REDACTED – FOR PUBLIC INSPECTION."

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Compliance

Voice Network

Pursuant to 47 C.F.R. § 54.313(a)(5) and/or 47 C.F.R. § 54.422(b)(3), Logan Telephone Cooperative, Inc. ("ILEC") is in compliance with appropriate FCC and Kentucky Service Quality Standards and Consumer Protection Rules. The ILEC provides CPNI training to all of its new employees and reviews employee compliance with CPNI rules on an ongoing basis. Logan Telephone Cooperative, Inc. also does annual bill inserts and includes information on company service applications to make its consumers aware of the Company's obligations to protect privacy. In addition, the Company provides training on Red Flag issues and reviews any compliance issues with the company's board of directors on an annual basis to further enhance consumer protection. All Company employees are required to sign and acknowledge that they have completed CPNI training and those involved with extending credit to customers are required to sign and acknowledge that they have completed Red Flag training. Employees certify that they understand obligations to adherence of applicable CPNI and Red Flag rules.

Broadband Network

Pursuant to 47 C.F.R. § 54.313(a)(5) and/or 47 C.F.R. § 54.422(b)(3), Logan Telephone Cooperative, Inc. ("ILEC") is in compliance with appropriate FCC and Kentucky Service Quality Standards and Consumer Protection Rules. The ILEC trains staff on applicable rules for broadband services issues on an on-going basis. In addition ILEC has placed on its website at www.logantele.com its network practices and policies regarding FCC's Net Neutrality Rules.

ILEC also outlines its rates, terms, and conditions under which ILEC offers Broadband service in NECA Tariff #5 to Internet Service Providers ("ISP"). The Tariff explains customer rights and obligations, customer service, dispute resolution, deposits, billing and payment options, disconnection of service as well as cancellation of service options. Public inspection of NECA Tariff #5 can be found on NECA's website. Retail DSL rates, terms, and conditions for retail services are provided by the ISP.

Description of Ability to Function in Emergency Situations

Voice Network

Pursuant to 47 C.F.R. § 54.313(a)(6) and/or 47 C.F.R § 54.422(b)(4) as set forth in 47 C.F.R. § 54.202(a)(2), Logan Telephone Cooperative, Inc. ("ILEC") meets the requirements to remain functional in emergency situations and has the following capabilities: Back-up power is provided to the ILEC's central and remote offices by use of fixed generator and batteries that provide for a minimum of 8 hours of emergency power service. In addition, the ILEC's field electronics (Remotes and DSLAMs) have approximately 144 hours of back-up power by use of fixed generators and batteries. Logan Telephone Cooperative, Inc. also has SONET ring technology in its network that allows for traffic to be rerouted automatically should a fiber cut occur in its core network. The ILEC also has two diverse paths leaving its service territory to its two main interconnection partners to provide for the capability to reroute traffic in case of any outage. The ILEC is capable of managing traffic spikes resulting from emergency situations by the use of our network management systems and by provisioning excess capacity throughout the network.

Logan Telephone Cooperative, Inc. has a written plan in place to meet service emergencies resulting from failures of power service, sudden and prolonged increase in traffic, fire, storm, or acts of God, and has trained employees on emergency procedures including a formal disaster plan.

Voice Services Comparability Report

Pursuant to 47 C.F.R. § 54.313 (a) (10) Logan Telephone Cooperative, Inc. is in compliance with the requirement that voice service is no more than two standard deviations above the national average urban rate for voice service of \$41.07 as specified in Public Notice DA 16-362 issued on April 5, 2016. Logan Telephone's current total local end-user rate¹ of \$16.58 (which includes a local fee of \$16.50 and surcharges and any EAS) is not above the standard deviation as specified in the USF/ICC Transformation Order.²

¹ Local End User Rate as defined in USF/ICC Transformation Order 26 FCC Rcd at 17751, Para. 238

² USF/ICC Transformation Order, 26 FCC Rcd at 17694, Para. 84 (footnote included) "The standard deviation is a measure of dispersion. The sample standard deviation is the square root of the sample variance. The sample variance is calculated as the sum of the squared deviations of the individual observations in the sample of data from the sample average divided by the total number of observations in the sample minus one. In a normal distribution, about 68 percent of the observations lie within one standard deviation above and below the average and about 95 percent of the observations lie within two standard deviations above and below the average."

Fourth Revised
Sheet No. 10

D.9 LIFELINE

D.9.1 GENERAL

1. The Lifeline program is designed to increase the availability of telecommunications services to low income subscribers by providing a credit to monthly recurring local service for qualifying residential subscribers.
2. Lifeline is supported by both the federal and state universal service support mechanism.
3. The state universal service support mechanism will be funded by a Kentucky Public Service Commission approved charge on all customers' bills. (C)
4. Total support is passed through to the subscriber. The total amount of the eligible credit will not exceed the sum of the state and federal subscriber support or the charge for local service, which includes the access line, the Subscriber Line Charge and local usage. (C)

D.9.2 REGULATIONS

1. (D)
2. One low-income credit is available per Household (T) and is applicable to the primary residential connection only.
3. A Lifeline customer may subscribe to any local service offering available to other residence customers.
4. Toll blocking, if elected, will be provided at no charge to the Lifeline subscriber.
5. The deposit requirement is not applicable to a Lifeline customer who subscribes to full toll blocking. If a Lifeline customer removes full toll blocking prior to establishing an acceptable credit history, a deposit may be required. When applicable, advance payments will not exceed the connection and local service charges for one month.
6. The federal primary inter-exchange carrier charge (PICC) will not be billed to Lifeline customers who subscribe to full toll blocking and do not pre-subscribe to a long distance carrier(s).
7. A Lifeline subscriber's local service will not be disconnected for non-payment of regulated toll charges. Local service may be denied for non-payment of local and miscellaneous service in accordance with Section 2 of this Tariff. Access to toll service may be denied for non-payment of regulated tolls. A Lifeline subscriber's request for reconnection of local service will not be denied if the service was previously denied for non-payment of toll charges.
8. Lifeline is not available for resale.

(C)

2. All applications for service are subject to verification with the state agency responsible for administration of the qualifying program.

3. Proof of eligibility in any of the qualifying low-income programs should be provided to the company at the time of application for service. The Lifeline credit will not be established until the Company has received proof of eligibility. If the customer requests installation prior to the company's receipt of proof of eligibility, the requested service will be provided without the Lifeline credit. When eligibility documentation is provided subsequent to installation, the Lifeline credit will be provided on a going forward basis.

4. Proof of eligibility shall be in the form of an affidavit, certifying under penalty of perjury, that the subscriber is receiving benefits under one of the qualifying programs. It is the customer's responsibility to notify the company when the customer is no longer participating in any of the qualifying programs.

5. The company reserves the right to periodically audit its records, working in conjunction with the appropriate state agencies, for the purpose of determining continuing eligibility. Information obtained during such audit will be treated as confidential information to the extent required under State and Federal law. The use or disclosure of information concerning enrollees will be limited to purposes directly connected with the administration of the Lifeline plan.

(C)

6. When a customer is determined to be ineligible as a result of an audit, the company will contact the customer. If the customer cannot provide eligibility documentation, the Lifeline credit will be discontinued.
